Hi again Trish!

Attached is the draft TCVP pet collar assessment (EPA SOP spreadsheet for Pet Treatment). I hope it will be helpful for our discussion today and your ongoing efforts. We are also working on a report for submission to you/EPA.

For convenience, I have also attached the EPA DERs associated with the recent studies (torsion and residue transfer) conducted by Hartz. EPA accepted the data from these studies for use in quantitative risk assessment. I used EPA's interpretation of the results, which was consistent with ours, for the relevant input variables in the EPA SOP spreadsheet.

Happy Wednesday!
Jeff
